# *INTRODUCTION*

**A**nswering Atheism is Volume One of the  
Atheism & Creation TOPIC SERIES.

This booklet aims to simplistically answer  
some of the most common questions that many atheists  
and skeptics have asked by providing answers that are  
Biblical, practical and scientific.

# What Is The Origin of Life?

## What is the Origin of Life?

What is the origin of life? Where does life come from? Does life come from non-life? Is life the product of the Big Bang or is God the Creator of all life?

### Spontaneous Generation

One of the initial theories of the origin of life was spontaneous generation. This is the theory or belief that living things can arise from non-living material. The belief was that certain living forms such as maggots could arise from dead flesh or that fleas could arise from inanimate matter such as dust.

Whilst spontaneous generation has been disproven, what is crucial is the belief that life comes from non-life and this belief is still held by various scientists, evolutionists and atheists to this day.

Louis Pasteur in the 1800s disproved the theory of spontaneous generation and proved scientifically & experimentally that living things can only come from another living source.

Therefore the belief that non-life material can create living organisms cannot be scientifically proven and science experiments have failed to prove that life originates from non-living material.

## **Abiogenesis**

Just like spontaneous generation, abiogenesis incorporates the theory that non-living material is the source of life. The major difference is that spontaneous generation is an obsolete theory. Spontaneous generation was believed to be able to occur over a shorter period of time.

Abiogenesis however, is the idea that the natural process of life arises from non-living matter, such as simple organic compounds. It is thought to have occurred on Earth between 3.8 and 4.1 billion years ago. Abiogenesis theory is more complex in its study and attempts to discover how the first life on Earth emerged through a chain of increasingly complex organic chemical reactions, but did so only once (or a few times) before giving rise to hundreds of millions of years of subsequent, increasingly complicated life forms. Secular scientists, evolutionists and atheists seldom admit it but abiogenesis is only a hypothesis. The abiogenesis theory is full of guesses, assumptions and historical conclusions that cannot be tested or proved scientifically. Therefore abiogenesis should not be received as factual or truth.

Just like spontaneous generation, abiogenesis tries to answer the question: Can non-life create life?

However, believers of abiogenesis to this day cannot prove that the origin of life comes for non-living material.

## **Panspermia**

Panspermia is the suggestion that life on earth may have originated from outer space or other parts of the universe. Panspermia suggests that microscopic life was distributed to the earth by asteroids, comets or meteorites. The hypothesis also suggests that life may have begun after the Big Bang over 10 billion years ago. Just like spontaneous generation & abiogenesis, the hypothesis of Panspermia cannot be proven scientifically.

## **GOD AS THE CREATOR OF LIFE**

### **Hebrews 11:3 NKJV**

*By faith we understand that the worlds were framed by the word of God, so that the things which are seen were not made of things which are visible.*

For the Christian, the answer to the origin of life is very simple. God is the Creator of all that we see. God is the originator of life. Without God there cannot be any life.

**Hebrews 11:3** tells us that the things which are seen were not made by the things which are visible.

Therefore, just because God is invisible, it does not mean that God does not exist.

God is living and therefore only life can come life. It is also a scientific fact that life can create life.

The problem with atheists, evolutionists and secular scientists is that they refuse to acknowledge the existence of God. They would rather shift having their faith placed in God to having their faith placed in hypothesis such as spontaneous generation, abiogenesis or panspermia.

Christians are often ridiculed for not having proof that God is the Creator of all life. However, Christians have always believed that God exists and that God is the intelligent Creator of the universe as we know it. Christians do not apologize for their faith in God. *Faith is the substance of things hoped for, the evidence of things not seen (Hebrews 11:1) and without faith it is impossible to please Him (Hebrews 11:6).*

Atheists and secular scientists however take a hypocritical approach to their stance of the origin of life. They ridicule Christians for lacking proof whilst they themselves lack proof of their own theories and hypothesis.

Again and again scientific evidence is stacking up that non-life cannot create life and no amount of scientific study or hypothesis will be able to prove that life originated from non-living material.

Genesis chapter 1 clearly tells us the origin of life. God is the Creator. Without God there is no life.

# LIFE QUESTIONS

1. Is there really any testable & provable scientific evidence in this present day that nothing can create something? Why have there been so many theories about the origin of life?
2. Many atheists will admit to not knowing the origin of life, but yet they will completely deny the option of God. Why do atheists deny God as being the First Cause or the origin of life?
3. What would be the best arguments or explanations to an atheist concerning the fact that God is the origin of life?

# Who Created God?

“If God exists, then who created God?” That’s a question that many people continue to ask.

I’m sure if you’re like me, whether you’re a Christian or skeptic, you must have asked yourself or somebody else that same question.

We sort of look at everything in existence around us and we know without a doubt that the cellphone we use, the car we drive or the home we live in all have their maker. And therefore, if we believe that God made the trees, the animals, the earth, the universe and us as humans – then who made God?

The answer to this question is this: **nobody** created God; God was **never** made because God is **eternal** and He therefore has **always** existed. He is the **uncreated** Creator.

## Why and how?

God does not fall under the category of created beings. To ask who created God would be the same as asking the following questions for example: “Can trees walk?” or “Can pigs fly?”

If these questions sound absurd or ridiculous it’s because we know without a doubt through personal knowledge & understanding that trees *don’t* fall under the category

of creation that walks and pigs *don't* fall under the category of animals that fly.

Therefore in relation to God and the things of God we must have a personal understanding and knowledge of what are some of the factors that make or categorize God as being – GOD.

These factors are the following:

### 1. God is Eternal

God has no beginning and He has no end. Everything that is in existence began with God and everything will end with God. (**Isaiah 44:6** ESV - **Thus says the Lord, the King of Israel and his Redeemer, the Lord of hosts: "I am the first and I am the last; besides Me there is no god."**).

*Nobody* came or existed **before** God. According to **Isaiah 44:6** we learn that God is first & last; He is eternal and there is no other God besides Him or before Him or who will come *after* Him.

Therefore to suggest that somebody else made God, would raise the question of **who** made the person that made God; and **who** made the person, that made the person that made God? And the questions will go on and on.

However, God is clear in telling us through scripture that He is eternal and *no other* God came before Him and *no other* God will come after Him.

**Revelation 22:13 ESV - I am the Alpha and the Omega, the first and the last, the beginning and the end.**

**John 8:58 ESV - Jesus said to them, "Truly, truly, I say to you, before Abraham was, I AM."**

## **2. God as Creator of Time, exists OUTSIDE of time.**

God is not limited or subject to time as we understand it. He is eternal. He has no beginning and he has no end.

Before God's creation plan, time did not exist at all. Time actually began to exist only during the First Day of creation when God began the creation process – **(Genesis 1:5 "...And there was evening and there was morning, the FIRST DAY")**.

Therefore, if our bodies age; if our assets physically depreciate; it's because we are subject to time; we live **inside** of time. God does not age and will always be immortal because He is not bound by time because He exists outside of time.

**Genesis 1:1-5 ESV - In the beginning, God created the heavens and the earth. 2 The earth was without form and void, and darkness was over the face of the deep. And the Spirit of God was hovering over the face of the waters. 3 And God said, "Let there be light," and there was light. 4 And God saw that the light was good. And God separated the light from**

the darkness. 5 God called the light Day, and the darkness he called Night. And there was evening and there was morning, the first day.

### 3. Most Scientists Agree That The Universe Had a Beginning

While people may differ on precisely how or when the universe actually began, there is a general agreement that the universe did not always exist but that the universe had a starting point or a beginning. If you're an Atheist or Skeptic you're likely to believe in the Big Bang theory and the argument that there is no God or intelligent design that was involved in the creation process.

However, if you're a Christian you will believe that the universe began according to **Genesis Chapter 1**. Therefore, if the universe had a beginning (as agreed by both Christians & skeptics) then there must have been a specific cause or intelligent Being that started it. Nothing *cannot* make something and there is no evidence that non-life can create life.

Skeptics & Christians differ on what this cause is, however the Bible is clear in **Genesis Chapter 1** and **Job 38** that God is the cause of creation.

**Read Genesis Chapter 1**

**Read Job Chapter 38**

#### 4. **We CANNOT Know EVERYTHING About God but We Must SEEK Him & Have FAITH In Him.**

Our minds are limited. Our abilities are limited. Therefore our knowledge and understanding are limited. As people, at least as long as we are on this earth, we will never know **everything** there is to know about God. Even the skeptics and science experts who deny the existence of God do not know everything which is why they continue to study, experiment, theorize, and hypothesize.

However, God has provided us with what we *need* to know and what is *necessary* for us to know and understand for this life in relation to Him through the Bible and through the life, death and resurrection of Jesus Christ. **(John 17:3 ESV - And this is eternal life, that they know You the only true God, and Jesus Christ whom You have sent.)**

There are some questions in life whether about God or other things that we might not receive an answer from in this lifetime and might remain a mystery to us whilst we are on this earth.

However in all things we **must continue to seek God at all times** and to never lean on our own understanding, but to **trust** and have **faith** in Him and in our lives.

**Hebrews 11:6 ESV - *And without faith it is impossible to please him, for whoever would draw***

*near to God must believe that he exists and that he rewards those who seek him.*

**Isaiah 55:8-9 ESV** - *For my thoughts are not your thoughts, neither are your ways my ways, declares the Lord. 9 For as the heavens are higher than the earth, so are my ways higher than your ways and my thoughts than your thoughts.*

**Proverbs 3:5 ESV** - *Trust in the Lord with all your heart, and do not lean on your own understanding.*

So who created God? **Nobody** created God. God has **always** existed. God is the uncreated Creator.

## LIFE QUESTIONS

1. Which scriptures in the Bible best explain that God is an eternal Being who is uncreated & has always existed before the creation of time?
2. Which scriptures best explain that time, space and matter had a beginning?
3. What are the best explanations to an atheist in regard to the fact that God does not have a creator?

# Is There Evidence For God?

How can we know that God exists? Is there natural or scientific evidence that we can point to, concerning the argument for intelligent design? Can science prove or disprove the existence of God?

**Below are several reasons that scientifically prove that God exists**

## 1. The DNA Code

Bill Gates the Founder of Microsoft said that “DNA is like a software program – only much more complex than anything we’ve ever devised”.

Even Richard Dawkins who is a well-known atheist once admitted to the possibilities of intelligent design and he has also stated that genes are coded information and that genes even look like computer information.

Andrew Flew was a scientist who spent his entire life in support of evolution. However when he studied the findings of genetic information in DNA, he eventually became a creationist.

The DNA code is known as the instruction book for life. DNA is a language and an information storage system.

Therefore just like a software program was designed by an intelligent designer, it makes sense that the

DNA code which is far more complex was designed by Someone who is super-intelligent.

It's also important to note that all types of codes and all types of languages are designed or created by a conscious mind. Examples of symbolic codes can be music symbols, binary code, or blueprints. Examples of languages can be HMTL, C++, hieroglyphics, Hebrew or the English language.

Therefore all instructions, all languages, all symbols and all codes are information which originate from a conscious and intelligent source. It would make sense then to conclude that DNA comes from an intelligent source.

Imagine if you tried to convince Bill Gates that his Windows operating system could program itself into a digital information format, manufacture a case for itself, assemble a hard drive, motherboard and power supply and then run its own application software without any intelligence from an outside source.

Therefore the same conclusion is with the DNA code. The DNA code did not just create itself but DNA is evidence of a super-intelligent designer. In this case – God.

## **2. The Earth & Creation**

The Earth is the only known planet that sustains life for humans, animals and plants. The Earth is perfect

in its size; in its position in the solar system and in the gases that it contains in order to make life possible.

If the Earth was close to the sun then we would all burn up.

If the Earth was further away from the sun then we would all freeze.

Therefore the Earth's distance from the sun is perfect while it perfectly spins and rotates around the sun.

It contains the perfect mixture of gases for life. It contains water for which no type of life-form can be sustained without a measure of water from human, to plant, to animal life.

There are not only billions of humans, but there are millions of animal and plant species whose biology and structure speak of intelligent design and not coincidence.

The structure of the Earth is therefore evidence of an intelligent designer who created the Earth.

### **3. The Laws of Nature**

The universe operates by uniform laws of nature. We can count on the rotation of the earth every 24 hours.

We can count on the laws of gravity remaining consistent. We can count on the earth being sustained in its exact position from the sun.

In fact we live in a universe that abides by the rules of mathematics. Therefore coincidence doesn't exist.

The fact that the universe operates by laws is a reflection that there is a Lawgiver. The universe operates under the laws and instructions of someone intelligent.

#### **4. The Universe had a Beginning**

Scientists agree that the universe had a beginning. There are differences of course regarding who / what caused the beginning of the universe.

However, nothing *cannot* produce something.

The fact the universe is structured the way it is – including life on Earth, is evidence that there was an intelligent mind behind the beginning of the universe.

Nobody has ever observed or tested “nothing” producing something.

It makes sense then that the universe had a first cause. That first cause was an intelligent being.

Is there evidence for God? Yes there is.

## **LIFE QUESTIONS**

1. Romans 1:20 says that the evidence of God is in the things that He has made. What does this mean and how should this scripture be explained to an atheist?

2. What other evidence can a Christian believer use to explain the existence of God?
3. Why do atheists deny the existence of an intelligent designer even though according to Romans 1:20 there is evidence all around us?

# If God Exists, Why Doesn't He Reveal Himself?

Most atheists will argue that if God is real, then why doesn't He reveal Himself? They question as to why God would choose to hide Himself from His own creation and not just simply prove His existence to the entire world.

However this question must also be asked to every atheist: *If God physically or supernaturally revealed Himself to the world, is it likely that every atheist will bow down and choose to humbly worship Him?*

Unfortunately, when asked this question, many atheists have answered "No!" and declared that they will not worship God *even if He does* reveal Himself. Why?

Atheists would then attack the character and nature of God as reasons not to believe or worship Him as God.

Therefore atheism is an issue of the heart and it is a choice to suppress God rather than to naturally accept His existence.

**Psalms 14:1** says that *"A fool says in his heart, there is no God..."*

Therefore atheism is a *choice* that a person convinces himself to believe; It is a choice not to believe in God or His existence.

The Bible itself makes no effort to prove that God exists. Instead according to Psalms 14:1, it is the atheist who tries to prove and assert in his own heart that God does not exist.

**Romans 1:20-21** says: *For since the creation of the world God's invisible qualities — His eternal power and divine nature — have been clearly seen, being understood from what has been made, so that men are without excuse. 21 For although they knew God, they neither glorified Him as God nor gave thanks to Him, but their thinking became futile and their foolish hearts were darkened.*

From **Romans 1:20-21** we discover that clearly it is not the issue that God has not revealed Himself which would cause an atheist to not believe in Him.

The existence of a Maker is in creation itself just like a building cannot exist without a builder. God's invisible qualities are revealed through His creation. Every design has a designer. Rather atheism is the result of a darkened heart that has made the choice to rebel against God by suppressing His existence.

## HAS GOD EVER REVEALED HIMSELF?

God has revealed Himself in many different ways to many people. God has revealed Himself not only to believers – but also to unbelievers.

In **Exodus 14:21-27** God revealed Himself to Pharaoh but yet Pharaoh refused and rebelled against God. God

revealed Himself that He was the true God and not the Egyptian “gods” through the 10 plagues (**Exodus 7-11**), yet we learn that Pharaoh refused to believe in the true God because Pharaoh’s heart was hardened.

God would also constantly reveal His presence to the Israelites, yet they would continue to fall into the sin of idolatry and choose to worship idols.

Therefore the problem is not that God does not choose to reveal Himself, but the problem lies with the sinful heart of man. A heart that is controlled by sin will always rebel against God.

The ultimate way in which God revealed Himself was through the Person of Jesus Christ.

**John 1:1-3,14** says the following about Jesus: *In the beginning was the Word, and the Word was with God, and the Word was God. 2 He was in the beginning with God. 3 All things were made through Him, and without Him was not any thing made that was made... 14 And the Word became flesh and dwelt among us, and we have seen his glory, glory as of the only Son from the Father, full of grace and truth.*

Therefore we learn that even though God became flesh to dwell among us, Jesus was not popular and He was rejected as God.

God chose to reveal Himself through Christ but yet He was ridiculed, persecuted and crucified even though He

performed miracles to reveal that He was indeed God and came from Heaven (**John 10:31-39**).

**John 1:11** says *“He came to His own, and His own people did not receive Him”*.

Therefore it does not always mean that if God reveals Himself that people will automatically worship Him. Seeing is not always believing. The problem is not with God, but the problem is with the condition of the heart of man.

**Jeremiah 17:9** says: *The heart is deceitful above all things, and desperately sick; who can understand it?*

A deceived or deceitful heart will not submit to God. Therefore atheism in itself is a deception or a sign that one is deceived.

## **FAITH IS NECESSARY TO RELATE WITH GOD**

**Hebrews 11:6** says: *And without faith it is impossible to please Him, for whoever would draw near to God must believe that He exists and that He rewards those who seek Him.*

Both the atheist and the Christian exercise faith. The atheists *believes* that creation came from nothing and therefore concludes that there is no God or Creator of the universe.

However according to **Hebrews 11:6**, if the atheist is to know God or draw near to God, then he/she must first believe or have faith that God exists.

Faith in God is important for our relationship with God. Our salvation is possible through faith alone in Jesus Christ (**Ephesians 2:8-9**).

The entire Christian life and journey is by faith and not by sight (**2 Corinthians 5:7**).

In **John 20:29** Jesus says: *"Have you believed because you have seen me? Blessed are those who have not seen and yet have believed."*

## LIFE QUESTIONS

1. Psalm 14:1 says that it is foolishness to assert that God does not exist. If God cannot be physically seen, how best can you explain this scripture to an atheist?
2. Many people in the Bible witnessed physical evidence that God was real & that He existed yet many would still choose to rebel against God & continue to worship false gods. Would God physically presenting Himself to an atheist be sufficient evidence for an atheist to convert to Christianity? Why / Why not?
3. Why is faith necessary for anyone to believe in the existence of God according to Hebrews 11:3 & Hebrews 11:6?

# Whose God is the One True God?

We live in a world where there are many religions, many cultures, and many gods that are worshipped.

It is believed that more than 300 million gods are worshipped around the world.

The question however is: Whose god is the one true god and is there more than one god?

## **Isaiah 44:6 NKJV**

*Thus says the Lord, the King of Israel, And his Redeemer, the Lord of hosts: 'I am the First and I am the Last; Besides Me there is no God*

## **Psalms 86:8 NKJV**

*Among the gods there is none like You, O Lord; Nor are there any works like Your works.*

From the Bible verses mentioned above, we learn that there is only one God and that among the “gods” there is none like the one true God.

So whose god is the one true God? The Bible says that the one true God is the Creator of the entire universe (Isaiah 42:5). The one true God is self-existent (Exodus 3:14) and there is no other like Him.

Therefore any other god who is not the one true God of the Bible is a false god that has been created either by deceived men or by evil spirits.

The question then is: How is the one true God different from the false gods?

According to the Bible the one true God differs from false gods in the following ways:

### **1. God's Attributes Are Different From the False Gods**

Unlike the false gods of other religions the one true God of the Bible has attributes that make Him stand out against the false gods. God is eternal (Psalm 90:2); God is self-existent (Exodus 3:14), God is all powerful (Job 11:7-11); God is omni-present (Psalm 139:7); God is omniscient (Isaiah 40:13,14); God cannot change (Hebrews 13:8); God cannot lie (Numbers 23:19); God is good (Psalm 145:9); God is love (1 John 4:8); God is gracious (Ephesians 2:8,9); God is life and the sustainer of life (John 1:3,4).

### **2. God is Triune**

The Bible describes the one true God as being 3 divine persons who are one and share the same essence and nature in one God. The Father, the Son and the Holy Spirit are three in one. Matthew 3:16,17 shows the Trinity together and in Matthew 28:19,20 Christians are commanded to make disciples and

baptize in the name of the Father, the Son and of the Holy Spirit.

### **3. God is Personal & Seeks a Personal Relationship with Mankind**

The one true God seeks a personal relationship with mankind. God created people in His own image (**Genesis 1:27**). The animals were not created in God's image therefore only people have the unique ability to fellowship with God.

The one true God wants to be known by His creation. He wants people to know Him intimately. The one true God reveals Himself through His word, the Bible and He has also revealed Himself through Jesus Christ.

In **Jeremiah 33:3** God says *"Call to Me, and I will answer you, and show you great and mighty things, which you do not know"*.

In **Jeremiah 29:11-13** God says *"For I know the thoughts that I think toward you, says the Lord, thoughts of peace and not of evil, to give you a future and a hope. 12 Then you will call upon Me and go and pray to Me, and I will listen to you. 13 And you will seek Me and find Me, when you search for Me with all your heart"*.

In **Revelation 3:20-21** Jesus says *"Behold, I stand at the door and knock. If anyone hears My voice and opens the door, I will come in to him and dine with him, and he with Me"*.

#### 4. God Seeks to Save Mankind By His Grace

People who worship false gods tend to believe that salvation is by personal works or behavioral merit.

Through the worship of false gods salvation is dependent on one's personal deeds and on how "good" a person has been in his life.

However, salvation through the one true God is by grace through faith in Jesus Christ (Ephesians 2:8,9). There is only one way to Heaven – that way is Jesus Christ (John 14:6).

Through the one true God salvation is a gift; it is not a reward (Ephesians 2:8; Romans 6:23).

Grace is when God gives us what we don't deserve. Salvation is a gift we don't deserve. However, because of the love of the one true God, we have eternal life through His begotten Son, Jesus Christ (John 3:16).

#### 5. God Became A Man / Flesh To Pay For The Sins of Mankind

**John 1:1-14 says:** *In the beginning was the Word, and the Word was with God, and the Word was God... And the Word became flesh and dwelt among us, and we beheld His glory, the glory as of the only begotten of the Father, full of grace and truth.*

**1 Timothy 3:16 says:** *And without controversy great is the mystery of godliness: God was manifested in the flesh,*

*Justified in the Spirit, Seen by angels, Preached among the Gentiles, Believed on in the world, Received up in glory.*

There is no false god who cares or loves his own creation enough to save them from eternal punishment. There is no false god who offers salvation as a free gift. There is no false god who shows the kind of grace that is offered by the one true God.

The Bible tells us that the one true God became flesh in order to die on the cross for the sins of man. Man is a sinner by nature (**Romans 3:23**). The wages of sin is death or eternal separation from God (**Romans 6:23**). The Word, Jesus Christ became came that we may have eternal life and escape eternal hell (**John 10:10**).

## **Which God Will You Choose?**

### **1 Kings 18:21 NKJV**

*And Elijah came to all the people, and said, "How long will you falter between two opinions? If the Lord is God, follow Him; but if Baal, follow him." But the people answered him not a word.*

Even though many people follow many gods – there is only ONE TRUE GOD.

He has revealed Himself in the Bible; He has reveals Himself to His followers and Jesus Christ is the exact representation of who God is.

The worship of false gods is idolatry and it ultimately leads to eternal separation from God. **Luke 4:8** says *And Jesus answered and said to him, "Get behind Me, Satan! For it is written, 'You shall worship the Lord your God, and Him only you shall serve.'*

We are to only worship and serve the one true God alone. Any other gods are false gods.

Mankind therefore has a choice. The one true God does not force people to worship Him. He has given people the free will to choose Him. However, there are consequences to making the wrong choice.

Choosing the one true God means choosing eternal life – but choosing false gods means eternal suffering (**Deuteronomy 30:19; Joshua 24:15**).

## LIFE QUESTIONS

1. How does the God of the Bible or Christianity differ from all other gods that are worshipped in different religions?
2. How can you best help an atheist understand that the God of the Bible is the one true God?
3. Can atheism be defined as a form of idolatry?

# DO YOU WANT TO BE A CHRISTIAN or A FOLLOWER OF JESUS CHRIST?

1. **ACKNOWLEDGE:** "For all have sinned and fall short of the glory of God" (Romans 3:23).

This means that we have all broken God's laws and God's 10 Commandments like those mentioned in Exodus 20:1-17. For example, if you have told a lie; if you have stolen something; if you have lusted after somebody or if you have coveted. This means you are guilty of breaking at least one or more of God's 10 Commandments. Breaking God's commandments makes us sinners. The fact that we are sinners who have broken God's law means that we are accountable to God who is the Lawgiver. Romans 6:23 says that "the wages of sin is death BUT the free gift of God is eternal life in Christ Jesus our Lord" **You must acknowledge that you are a sinner who has broken God's commandments and that you therefore need Jesus in your life.**

2. **REPENT:** "Unless you repent you will all likewise perish" (Luke 13:3), "Repent therefore and be converted that your sins may be blotted out" (Acts 3:19)

**Repenting means: to change your mind; a sincere turning away, in heart, mind and action;**

Therefore God wants you to repent of sinful values and of sinful living. God wants you to decide to follow Him and to make Jesus the Lord of your life.

3. **CONFESSION:** "If we confess our sins. He is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness" (1 John 1:9). "That if you confess with your mouth the Lord Jesus and believe in your heart that God has raised Him from the dead, you will be saved" (Romans 10:9)

**God is a forgiving God. God will forgive any sin that you have done because Jesus died for ALL your sins and to set you free from the bondage of all types of sin in your life.**

4. **BELIEVE:** "For God so loved the world that He gave His only begotten Son, that whoever believes in Him should not perish, but have everlasting life" (John 3:16).

**You must believe that ONLY Jesus can save you and restore your relationship with God. You must believe that Jesus is the ONLY way by which you can have everlasting life and escape from eternal separation from God. You must believe that Jesus died on the cross for you and resurrected from the grave.**

"He came to His own, and His own did not receive him, But as many as received Him, to them He gave

the right to become children of God, even to those who believe in His name" (John 1:11-12)

**By faith, You must receive Jesus as Your Lord & Savior and therefore; you become a child of God; you become born again; you become a Christian; you restore your broken relationship with God**

### **Why Not Make Your Eternal Decision NOW?**

We become born again Christians by GRACE through FAITH or TOTAL TRUST in Jesus Christ as our Lord & Savior (Galatians 3:26) & (Ephesians 2:8,9). Salvation is a FREE gift received through FAITH in Christ.

**PLEASE NOTE: You can choose to pray in your own words. This prayer is a sample prayer and it is only an EXPRESSION of your faith, belief & trust in Jesus. Salvation is by GRACE through FAITH or BELIEVING in Christ Jesus as your Lord & Saviour.**

*"Lord Jesus, I thank You for Your love. I thank You that You died on the cross for me and resurrected so that I may have life through You.*

*I confess Lord that I have sinned against You and today I ask You to forgive me of all of my sins, past present and future. Today I repent and have decided to follow you. Thank you for forgiving all my sins.*

*From this moment, come into my life Lord Jesus & take full control of my life. I want to follow You Jesus and I want to follow Your ways. Save me and from today, make me the person You want me to be.*

*I receive You Lord Jesus right now by faith. I trust You as my Lord and Savior - Amen"*
